# NAVIGATING THE COLLEGE SEARCH FOR STUDENTS WHO LEARN DIFFERENTLY

**Ferne Bork**  
**Assistant Director of Admissions**

**College&Career**Pathways2024

# AGENDA

---

- **Definition of Terms**
- **What We Can Learn From the Data**
- **Levels of Support in College**
- **How the Legal Landscape Changes**
- **Finding the Right Fit**
- **All About Disclosing – Why and When**
- **Landmark College – Unique Support and Programming**

***“Everybody is a genius.  
But if you judge a fish by its  
ability to climb a tree, it will  
live its whole life believing  
that it is stupid.”***

**- Albert Einstein**

# KEY TERMS

---

- **Neurodiversity** is ALL of us.
  - All brains function differently.
  - This diversity is natural and beneficial for our species.
  - Differences should be accepted and valued, not viewed as a set of pathologies to be cured.
- **Neurotypical** - what society considers “typical” brain development and cognitive/intellectual functioning.
- **Neurodivergent** - what society considers “atypical” brain development and cognitive/intellectual functioning, e.g., dyslexia, dyscalculia, autism, ADHD, etc.

## CHANGE THE CONVERSATION

Recognize and acknowledge your strengths.

# PROVIDING CONTEXT – THE NUMBERS

---

## Did you know?

1 in 5 students have a learning difference

## How many students are disclosing this to their post-secondary institutions?

- 24% of students with a learning disability
- 25% of students with “other health impairments” (the category that includes ADHD)
- 63% of autistic students

# THE IMPACT

---

- **Post-Secondary Completion Data (young adults out of high school for 6 years):**
- In the general population, only 51% completed a post-secondary school.
- Among neurodivergent students:
  - 38% of students with learning disabilities
  - 35% of students with autism
  - 34% of students with other health impairments (includes ADHD) completed a post-secondary school.
- In one study at a large state university, students who waited until after their first year to request accommodations had 3.5 times the risk of not

**You CAN improve the odds**  
**ACCESS AND UTILIZE SUPPORT!**

# LEVELS OF SUPPORT IN COLLEGE

## ADA COMPLIANT

- Meets ADA requirements for providing access
- Accommodations vary by institution
- No cost
- Small number of staff
- Student **MUST** advocate for services

## COORDINATED SERVICES

- Accommodations **plus** some skill building services
- Universally available services
- Better student/staff ratio
- No cost
- Student **MUST** advocate for services

## STRUCTURED PROGRAMS

- Comprehensive academic, tutoring, & skill-building support
- Weekly meeting with a learning specialist
- Full-time specialized staff
- Fee-based
- Less student advocacy required

## LD COLLEGES

- Accommodations & beyond access supports embedded
- Comprehensive academic, social pragmatic, & executive function support
- Full time support staff
- No additional fees
- Often used as a springboard.

# THE LEGAL LANDSCAPE

# HOW THE LEGAL LANDSCAPE CHANGES

---

- K-12, the IDEA (Individuals with Disabilities Education Act) vs. the ADA (Americans with Disabilities Act) Post-secondary
- Success vs. Access
- K-12, schools take the lead. Post-secondary, student take the lead.
  - The importance of self-advocacy
  - Students must understand and be able to articulate their learning difference
- IEPs and 504 Plans have no legal weight after high school
  - All students have the same course requirements and homework
- K-12, all teachers and staff are aware of a student's disability status. Post-secondary, only those instructors a student chooses to notify will know. This information is considered confidential.
- Parental involvement encouraged K-12. In post-secondary, student assumes primary responsibility.

---

# FINDING THE RIGHT FIT

# THE IMPORTANCE OF SELF KNOWLEDGE

---

- Who am I and what do I want from my college experience?
- What type of learner am I?
- In what environment do I learn best?
- What are my strengths & weaknesses?
- What accommodations and supports will best ensure my chance of success?

# THE PROCESS

---

- **WHAT DO YOU NEED?**

- What supports are in your IEP or 504 plan?
- Have you consulted your counselor, teachers, and family for input?
- Develop a list of accommodations and supports you're looking for.

- **WHAT DOES A SCHOOL OFFER?**

- Work with your advisor to start the list of schools.
- Explore college websites: - disability services & universally available services
- *K&W Guide to Colleges for Students With Learning Differences*
- Call/email Admissions or Disability Services
- Determine location of Disability Services
- Talk to students and parents. It's not just about what a college promises. What do they deliver?

---

# DISCLOSING

# WHY DON'T STUDENTS DISCLOSE?

---

- Fear of stigma
- The desire to create a new identity
- “I don’t have a learning difference.”
- Unfamiliarity with disability services, what’s available, and how to access
- The invisibility of the support and accommodations you’re receiving now
- Underestimating the importance of accommodations

# DISCLOSING: WHEN AND WHY

---

- **WHY DISCLOSE?**

- It's the only way to receive accommodations

- **WHEN?**

- Accommodations must be in place for the beginning of the semester
  - Options
    - During the application process
    - After an admission decision

**My Recommendation:** Disclose early. It provides the best opportunity to evaluate services and attitudes and experience how easy or hard it is to access the services that will foster success.

# ACCOMMODATIONS: AN ONGOING PROCESS

---

- Every semester, you will need to request accommodations from disability services and inform your instructors
- Schedule regular meetings to discuss the effectiveness of your accommodations
- Be vigilant. Consistently monitor the extent to which your accommodations are providing access to course content.
- **If access is diminished at any point, SELF-ADVOCATE.**

# BEYOND ACADEMIC SUPPORT

---

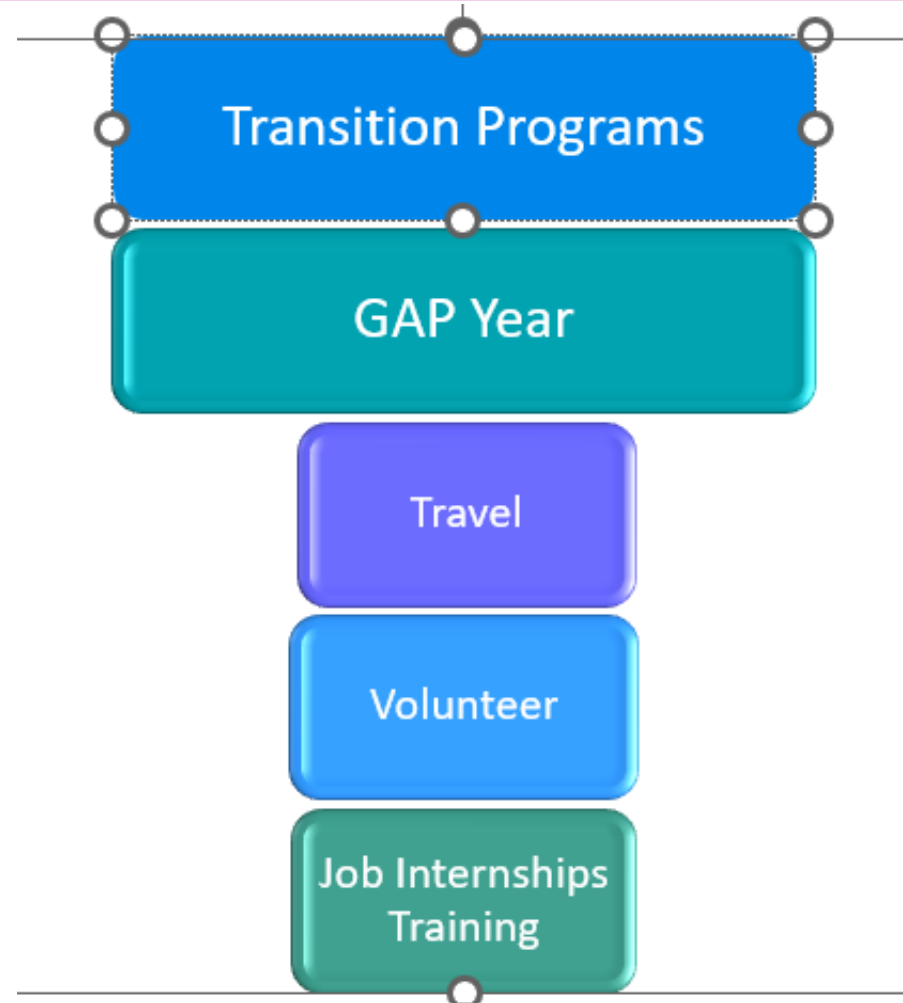

# ASK LOTS OF QUESTIONS

---

- ✓ Is assistance 1:1 or in a group?
- ✓ Who does the academic advising for students who have LD's?
- ✓ Can students take a reduced course load?
- ✓ Is the college test-optional?
- ✓ What are the college's retention, graduation, & placement rates for students with LD's?

# IS COLLEGE THE RIGHT NEXT STEP?
