## 10 WAYS TO FIND YOUR **Learn!ng**ABILITY AT LANDMARK COLLEGE

- 1  **Multiple Academic Paths** — Begin your educational journey with one of our many non-degree programs: Summer; Online High School Dual Enrollment; Transition at College (TaC), or Bridge Experience. You can also pursue an associate or bachelor's degree — or begin your studies online with LC's new College START program.
- 2  **Diagnosis-Specific Supports** — Target your specific learning difference with supports in executive function coaching, social pragmatics, advanced educational technology, and our own Language Intensive Curriculum.
- 3  **Therapy Dogs** — Pups in our Therapy Dog Program are on campus year round to provide support and companionship. They even have their own office hours!
- 4  **No Cut Policy** — Join the team! Our no cut policy means you can participate in any of our athletic and recreation programs.
- 5  **Tax Savings** — Many families qualify for significant federal medical tax deductions, thanks to our unique educational focus and supports.

**If you have a learning difference, it's time to reset how you see yourself — and how others define you.**

Discover your **Learn!ng**ABILITY at Landmark College. We're a one-of-a-kind community that's free of judgement — and rich in support.

At LC, we believe that college should be the best time of your life — not the most stressful. Here you can explore your interests ... take some risks ... and discover the fun of learning among friends.

Discover your **Learn!ng**ABILITY — and the superpowers that come with it.

- 6  **Perspectives in Learning** — Our innovative first-year course encourages you to read about your LD testing, research it, understand it, and articulate it — then present your findings and begin advocating for yourself.
- 7  **Universal Design** — Classes are taught in a variety of ways, including visually, auditorily, and kinesthetically so you'll have an equal opportunity to succeed.
- 8  **Landmark College's Institute for Research & Training (LCIRT)**, with its Virtual Reality Lab, Cognitive Neuroscience Laboratory, workshops, and cutting-edge research, is a leader in the field of LD. Our students even get involved in LCIRT's research programs.
- 9  **Neurodiversity Hub** — We're the nation's first college to be a neurodiversity hub. We work with leading employers worldwide to provide programs, skills, and experience to help neurodivergent students become career-ready.
- 10  **Study Abroad** — Want to travel to Botswana and work on lion and rhino conservation? We do travel with a twist: three-week faculty-led trips centered around a theme, journeying to awesome destinations around the world!

## LC + Vermont = Come See What You're Missing!

Vermont's a paradise for all things outdoors — whether you love skiing and snowboarding...or prefer hiking and stargazing. (You don't even need to leave campus for great mountain views!) Nearby small towns offer an easy change of scenery, and big cities are great for weekend getaways.
