
Student Loan Information

You may be eligible for federal loans. Students and families should borrow in this order:

- Federal Direct Subsidized loans for students
- Federal Direct Unsubsidized loans for students

First, accept federal Direct subsidized (if offered) and unsubsidized student loans. Then, if you've borrowed the maximum in federal student loans and need more financing, look for a loan with a low fixed interest rate. VSAC and other nonprofit agencies offer student and parent loans with low rates—*often lower than the federal PLUS parent loan*—and other benefits. Learn more at vsac.org/compare.
