Decline to Continue

You will be prompted to set up MFA when you log in the first time. Choose at least one of the three options for verification: Google Authenticator, OKTA Verify, or using a text or phone number.

Tips:

- If you use Google Authenticator or OKTA Verify, download the app before scanning the QR code.
- Authenticator apps work over Wi-Fi.
- You can select to use a phone number to verify. If it is a landline, you can select to receive the code as a voice call.
- Only one form of MFA is required. Once you set one up, the text on the Set-Up Security Methods page reads "Set up later". This does not mean the set up was unsuccessful. You can click "Set up later" to progress into MyVSAC.

*Each time you log into MyVSAC, you will be prompted to verify yourself using the MFA option you selected.

Loans
Loan Info & Make Payments
View loan details, make one-time or recurring payments, view statements, and set up statement notification emails.

Grants
Work with Grants
Apply for a Vermont Grant, view your To Do List and check on awards.

Apply for New Loans
Apply for Student or Parent Loan
Check Pending Loan

Scholarships
Work with VSAC Assisted Scholarships
Submit a Unified Scholarship Application (USA), check the status of your VSAC assisted scholarships, and upload documents.
